

~ CANP ~

Code of Ethics

I hereby agree to abide by the following Code as a Connecticut Accredited Nursery Professional:

1. I will promote the highest ethical and professional standards of conduct.
2. I will make efforts to continue to educate myself in the horticultural industry.
3. I agree that, should my accreditation not be renewed or ever be revoked for any reason, I will not imply in any way that I am a Connecticut Accredited Nursery Professional.
4. I fully understand that, should I be granted accreditation, such accreditation must be renewed yearly by earning the required points and paying a renewal fee. I understand that my accreditation will automatically be revoked unless renewal standards are met.
5. I understand that accreditation is granted by the Connecticut Nursery and Landscape Association as recognition of knowledge and achievement for those who voluntarily qualify. I understand that, upon receiving accreditation, I am entitled to call myself a Connecticut Accredited Nursery Professional and use the initials CANP after my name, as well as display the CANP logo.
6. Credits are on the honor system and are subject to audit by CNLA.

I agree to all the above Code with no reservations.
